Our Services - Updated October 2018

You can find information about our range of supportive services in this monthly update. Times, dates and availability of courses are potentially subject to change, so we advise you to contact the office to confirm your attendance or find out more information in advance. We also want to make sure that everyone using our services is receiving the right level of care, so please note our following eligibility criteria and referral procedures.

Our **self-referral** services are open for anyone experiencing mental health problems who feel they may benefit by referring themselves. We may however require a *completed suitability questionnaire* before we can confirm a place. Please ring **01978 364777** for more information or click [here](#) (goo.gl/9WrHk1) to download a self-referral form.

Parabl's services listed below are aimed at helping people with mild to moderate mental health difficulties and these require a prior *telephone assessment* (please ring the Freephone Parabl number - **0300 777 2257** - to request one).

GPs should feel welcome to signpost to all of our self-referral and Parabl services.

The rest of our services require a **Secondary mental health care referral** (i.e. receiving support from a specialist mental health team or psychiatrist), apart from certain group activities which can be accessed by **self-referral**. You can find a link to our referral form [here](#) (goo.gl/9WrHk1).

All of the services are clearly labelled with the correct admission criteria but please call **01978 364777** if you require further clarification or more information.

Tools and Strategies for Coping and Resilience or for Helping Others

NEW: safeTALK - Suicide Alertness for Everyone

safeTALK is a 3½ hour training course that can help you make a difference. Know what to do if someone's suicidal by following the easy to remember TALK steps - Tell, Ask, Listen and Keep-safe. These practical steps offer immediate help to someone having thoughts of suicide and helps you both move forward to connect with more specialised support.

Course Aims:

- Identify people thinking of suicide
- Overcome barriers in talking about suicide
- Identify reasons we may miss, dismiss or avoid suicide
- Practice using the 4-step model of suicide alertness
- Connect people at risk of suicide with further appropriate help

The safeTALK course was developed by LivingWorks in Canada and is delivered worldwide. It complements the more comprehensive 2 day ASIST course by conveniently widening the net of suicide alert helpers to ensure that thoughts of suicide aren't missed, dismissed or avoided. The safeTALK course is based on the principles of maximum dissemination and minimum cost.

ASIST supports the National Service Framework (NSF) Standard 7, which looks at suicide prevention.

Please note: *If you are interested in any of the courses listed below, we encourage you to contact us as this helps us plan appropriate times and dates. Even if no sessions are currently available for the course(s) that appeal(s) to you, we will put something on as soon as we can if we know there is sufficient interest.*

✦ **Managing Stress & Anxiety (Group Sessions)***

This course is made up of interactive workshops designed to help you manage difficult emotional states. During the interactive sessions you will get to explore and understand more about what is causing your stress and why you are getting anxious. You will discover how to change the way you are thinking about this and also learn some great practical ways to help you relax and reduce the stress and anxiety you are experiencing.

6 weekly sessions from 4th September - 9th October, 2018
Tuesdays | 6:00pm - 8:00pm
3 Belmont Road | Wrexham LL13 7PW

✦ **Mindfulness (Group Sessions)***

This is an experiential course, i.e. learning through the reflection of doing, which allows you to develop greater self-awareness, live fully in the moment and be more in touch with yourself. Practicing with a number of techniques and approaches, you will be able to integrate mindfulness into all aspects of your life and realise the benefits. The course runs for 2½ hours each week and includes one full day of practice. Manual and guided practice CDs are provided to support you at home and in your ongoing mindfulness development.

8 weekly sessions from 5th September - 24th October, 2018
Wednesdays | 6:30pm - 9:00pm
Plus one full day session on a weekend (*date to be confirmed*) | 10:00am - 4:00pm

Please note: Once we have processed your referral, we will also ask you to come in for an initial meeting to identify whether this service is best suited for your needs.

The ARC (Active Rural Connections) project aims to bring our services to Wrexham's rural communities. We have support available for people over 18, with mild to moderate anxiety, depression or stress.

Talking Therapies

These sessions offer individuals the opportunity to seek support from a Trainee Counsellor. The sessions can be arranged flexibly and are held on ABF's premises at 3 Belmont Road. Talking therapy is great for those who may struggle in groups or would benefit from talking through their issues confidentially.

To find out more, or to register your interest, please call **01978 364777** or email info@abfwxm.co.uk.

Additional Support for Parents

Self-referral - please click [here \(goo.gl/9WrHk1\)](http://goo.gl/9WrHk1) to download a form

PRAMS (Parental Resilience And Mutual Support) is available for mothers and fathers who would like some additional support through the challenges of early parenthood. As many as 10% of all new parents experience periods of feeling low following the birth of their baby and the service is particularly suited to help people find their feet in these times. We currently offer three forms of support that provide the opportunity to talk and learn about emotional wellbeing and resilience in an informal setting.

NEW: PRAMS Group (incorporating 'You & Your Baby' sessions)

Parents can bring their babies (under 12 months), make friends and enjoy a coffee at this informal group.

'You & Your Baby' involves several FREE weekly sessions aimed at challenging negative thoughts, feelings and behaviours and making lasting, positive changes

in your life. The group also provides a great opportunity to meet other parents and connect with new people in the community.

Providing a Stepping Stone into Community Life through Peer Mentoring, Group Activities and Courses

Secondary mental health care referral needed - please click [here \(goo.gl/9WrHk1\)](https://goo.gl/9WrHk1) to download a form

BYW is a FREE referral only service designed for people aged 18+ who are ready to move forward following a mental health diagnosis.

BYW is the Welsh translation of "alive" or "to live". The initialism stands for "Believe You Will" in English.

Our main ethos follows recovery principles and the key word to describe the project is empowerment. We have a genuine belief that everyone has the ability to live a meaningful and satisfying life. The project is all about people taking steps to achieve and maintain this at their own pace.

Along with lifestyle coaching - featured in the next section - we currently offer three forms of support that provide the opportunity to set and achieve personal goals in an informal and encouraging setting.

👤 Peer Mentoring

A team of trained peer mentors will provide one-to-one support. These mentors have their own lived experience of mental health and provide an opportunity for people to open up about their own situation in a safe and confidential environment.

These sessions generally take place at the Heddfan Unit at Wrexham Maelor Hospital.

👥 Group Activities and Courses

Our activities and courses aim to help people (over 18) to be active meet others and gain confidence. They are designed to aid the recovery process, drawing on the

insight that mental wellbeing is closely linked to physical activity, recreation and social inclusion.

We warmly welcome new people to all of our activities and no previous experience is necessary.

Please note: *There is currently a 10-12 week waiting list for this service. Our activities are potentially subject to change so we advise you to telephone the office to confirm your attendance or find out more information in advance.*

Self-awareness and Self-defence (Judo Grapples with Mental Illness)

Judo Instructor Barry Hughes has been teaching self-awareness through Judo for over 30 years.

The practice of martial arts emphasises the benefits of exercise and the progression of creating a peaceful mind. In each "dojo", there is a family and each member is welcome. The culture that resides in judo is supportive. Each member helps each other out to become a better version of one-self, and will help prepare your mind, body, and soul to take on each challenge as it comes along.

6 weekly sessions from 27th September - 15th November, 2018

Achieving Change through Discussion and Support

Secondary mental health care referral needed - please click here (goo.gl/9WrHk1) to download a form

Please note: *There is currently a 10-12 week waiting list for this service.*

Our one-to-one coaching sessions help participants make positive changes to their lives and usually consist of hourly sessions over 6 weeks*.

The service is for people who are ready to engage in pursuing recovery-oriented goals and is tailored to individual needs. It is future-oriented, as opposed to diagnosing the past, and aims to sustain recovery from mental health problems and improve overall wellbeing.

Participants may focus on different areas like improving self-esteem, managing mental health and developing social networks. Signposting is also a big part of this service and our lifestyle coaches can suggest other resources to aid recovery.

To find out more, please call 01978 364777 or email info@abfwxm.co.uk.

* Number of sessions can be extended if it is mutually agreed that further progress would prove beneficial to the participant's independence.
