GPs should feel welcome to signpost to all of our self-referral and Parabl services.

Adult MHFA courses are for everyone aged 16 upwards. Every MHFA course is delivered by a quality assured instructor who has attended an accredited Instructor Training programme, and is trained to keep people safe and supported while they learn.

What will I learn?

Learning takes place through a mix of group activities, presentations and discussions. It is a practical skills and awareness course designed to give you:

BYW is a FREE referral only service designed for people aged 18+ who are ready to move forward following a mental health diagnosis.

BYW is the Welsh translation of “alive” or “to live”. The initialism stands for “Believe You Will” in English.

Our main ethos follows recovery principles and the key word to describe the project is empowerment. We have a genuine belief that everyone has the ability to live a meaningful and satisfying life. The project is all about people taking steps to achieve and maintain this at their own pace.

We currently offer a two pronged approach in providing the opportunity to set and achieve personal goals in an informal and encouraging setting. Along with lifestyle coaching - featured in the next section - our group activities and courses aim to help people (over 18) to be active, meet others and gain confidence. They are designed to aid the recovery process, drawing on the insight that mental wellbeing is closely linked to physical activity, recreation and social inclusion.

We warmly welcome new people to all of our activities and no previous experience is necessary.

**Please note:** *Our activities are potentially subject to change so we advise you to telephone the office to confirm your attendance or find out more information in advance.*
