We also want to make sure that everyone using our services is receiving the right level of care, so please note our following eligibility criteria and referral procedures.

Our **self-referral** services are open for anyone experiencing mental health problems who feel they may benefit by referring themselves. We may however require a *completed suitability questionnaire* before we can confirm a place. Please ring **01978 364777** for more information or click [here](http://goo.gl/9WrHk1) (goo.gl/9WrHk1) to download a self-referral form.

Parabl's services listed below are aimed at helping people with mild to moderate mental health difficulties and these require a prior *telephone assessment* (please ring the Freephone Parabl number - **0300 777 2257** - to request one).

GPs should feel welcome to signpost to all of our self-referral and Parabl services.

The rest of our services require a **Secondary mental health care referral** (i.e. receiving support from a specialist mental health team or psychiatrist), apart from certain group activities which can be accessed by **self-referral**. You can find a link to our referral form [here](http://goo.gl/9WrHk1) (goo.gl/9WrHk1).

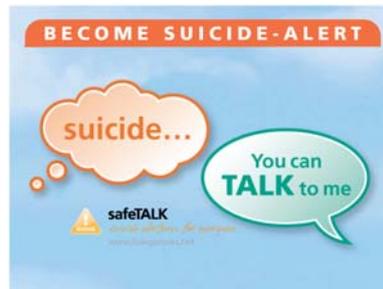

All of the services are clearly labelled with the correct admission criteria but please call **01978 364777** if you require further clarification or more information.

Tools and Strategies for Coping and Resilience or for Helping Others

COMING NEXT MONTH: safeTALK - Suicide Alertness for Everyone

safeTALK is a 3½ hour training course that can help you make a difference. Know what to do if someone's suicidal by following the easy to remember TALK steps - Tell, Ask, Listen and Keep-safe. These practical steps offer immediate help to someone having thoughts of suicide and helps you both move forward to connect with more specialised support.

Course Aims:

- Identify people thinking of suicide
- Overcome barriers in talking about suicide
- Identify reasons we may miss, dismiss or avoid suicide
- Practice using the 4-step model of suicide alertness
- Connect people at risk of suicide with further appropriate help

The safeTALK course was developed by LivingWorks in Canada and is delivered worldwide. It complements the more comprehensive 2 day ASIST course by conveniently widening the net of suicide alert helpers to ensure that thoughts of suicide aren't missed, dismissed or avoided. The safeTALK course is based on the principles of maximum dissemination and minimum cost.

ASIST supports the National Service Framework (NSF) Standard 7, which looks at suicide prevention.

Providing a Stepping Stone into Community Life through Group Activities and Courses

BYW is a FREE referral only service designed for people aged 18+ who are ready to move forward following a mental health diagnosis.

BYW is the Welsh translation of “alive” or “to live”. The initialism stands for “Believe You Will” in English.

Our main ethos follows recovery principles and the key word to describe the project is empowerment. We have a genuine belief that everyone has the ability to live a meaningful and satisfying life. The project is all about people taking steps to achieve and maintain this at their own pace.

We currently offer a two pronged approach in providing the opportunity to set and achieve personal goals in an informal and encouraging setting. Along with lifestyle coaching - featured in the next section - our group activities and courses aim to help people (over 18) to be active, meet others and gain confidence. They are designed to aid the recovery process, drawing on the insight that mental wellbeing is closely linked to physical activity, recreation and social inclusion.

We warmly welcome new people to all of our activities and no previous experience is necessary.

Please note: *Our activities are potentially subject to change so we advise you to telephone the office to confirm your attendance or find out more information in advance. Further to the measure by our trustees that dogs should not be allowed in ABF's premises from 1st March, 2019, it has also been decided that dogs will no longer be able to accompany their owners to activities (and will therefore not be covered by our insurance).*

Achieving Change through Discussion and Support

Secondary mental health care referral needed - please [click here \(goo.gl/9WrHk1\)](https://goo.gl/9WrHk1) to download a form

Please note: *There is currently a 4-6 week waiting list for this service.*

Our one-to-one coaching sessions help participants make positive changes to their lives and usually consist of hourly sessions over 6 weeks*.

The service is for people who are ready to engage in pursuing recovery-oriented goals and is tailored to individual needs. It is future-oriented, as opposed to diagnosing the past, and aims to sustain recovery from mental health problems and improve overall wellbeing.

Participants may focus on different areas like improving self-esteem, managing mental health and developing social networks. Signposting is also a big part of this service and our lifestyle coaches can suggest other resources to aid recovery.

To find out more, please call **01978 364777** or email info@abfwxm.co.uk.

* Number of sessions can be extended if it is mutually agreed that further progress would prove beneficial to the participant's independence.
